Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

The undersigned attorney received a "Notice of Incomplete Application," Form PCT/DO/EO/905, mailed August 4, 2000 and a copy of the Notice is attached hereto.

The Notice indicates that the application is incomplete because an Oath or Declaration of the Inventors had not been filed with the application in compliance with 37 CFR 1.497 (a) and (b). In compliance with that requirement, herewith submitted are executed declarations of Mr. Mark A PRELAS, Mr. John SVED, Mr. Howard JENNINGS and Mr. Andrew MOUNTFORD. Also submitted are the Surcharge as required under 37 CFR 1.492(e) and a Petition for Extension of Time and fee, as provided by 37 CFR 1.136(a). Finally, this Submission includes statements by the undersigned, Alan J. Kasper, Esq., who is admitted to practice before the USPTO and is knowledgeable about facts relevant to the present submission and the efforts to reach the third inventor, Mr. Allister DANN. There is no Declaration of Mr. Allister DANN, as he cannot be reached or found.

The international application names five individuals as joint inventors, Mr. Mark A PRELAS, Mr. John SVED, Mr. Howard JENNINGS, Mr. Andrew MOUNTFORD and Mr. Allister

DANN. An undivided ownership interest in each of the international application and this present application is held by (1) BRITISH NUCLEAR FUELS, PLC ("BNFL"), by assignments of inventors JENNINGS, MOUNTFORD and DANN, dated December 18, December 15 and December 20, 2000, (2) Astrium GmbH ("Astrium", formerly Daimler Chrysler Aerospace), by assignment of inventor John SVED, dated December 20, 2000, and (3) HIRA Associates ("HIRA"), by assignment of inventor Mark PRELAS dated December 17, 2000. On information and belief, BNFL, Astrium and HIRA are completely independent organizations and their joint ownership resulted from a joint development project governed by an agreement that provided for an equal and undivided ownership. Under the joint agreement, Astrium was responsible for managing the preparation, filing and prosecution of the above referenced invention.

Since first being requested to assist in the preparation and prosecution of the above international and U.S. applications, the undersigned has communicated with Mr. John SVED in his role as an employee of Astrium responsible for the management of the filing and prosecution of the above referenced applications. Recently, the undersigned also has been in contact with Mr. Howard JENNINGS as the conduit for communication with the inventors who were employees of BNFL, including Messrs. MOUNTFORD and DANN. On information and belief, none of Messrs. JENNINGS, MOUNTFORD or DANN are currently employed by BNFL. Further, the undersigned does not have a current address of Mr. DANN and, on information and belief, Mr. Jennings does not have Mr. DANN's address or other means of communication either.

The undersigned has forwarded requests for execution of the required declaration to Mr. SVED, Mr. PRELAS and Mr. JENNINGS. As evidenced by the enclosed declarations, the Declarations of Messrs. SVED, PRELAS, JENNINGS and MOUNTFORD could be obtained, however, the declaration of Mr. DANN could not be obtained (although an executed Assignment was obtained). A copy of an email dated December 12, 2000 from the undersigned's secretary, Sandra Swann, to Mr. SVED, Mr. PRELAS and Mr. JENNINGS requesting execution of the declaration. The email was not sent to Messrs. MOUNTFORD or DANN because Mr. JENNINGS had been the focal point for having the declarations executed by Messrs. MOUNTFORD and DANN. A copy of the email is attached (**EXHIBIT A**)

Subsequently, the undersigned requested Sandra Swann to forward a further urgent request to Mr. DANN via his only known previous address at BNFL, and to forward a further urgent

request to Mr. JENNINGS to find Mr. DANN. Accordingly, an email was sent to Mr. JENNINGS again (**EXHIBIT B**) and a copy of the declaration was sent by FEDERAL EXPRESS to Mr. DANN at his last known address (**EXHIBIT C**) as follows:

Allister DANN
c/o British Nuclear Fuels Ltd.
Risley, Warrington, Cheshire
WA3 6 AS, ENGLAND

As of the end of the day, February 5, 2001, no reply has been received from Mr. DANN. Moreover, Mr. JENNINGS responded with an email to Sandra Swann indicating an inability to find Mr. DANN or having any address or telephone number. (**EXHIBIT D**)

Acceptance of the attached Declarations of the four joint inventors, Mr. Mark PRELAS, Mr. John SVED, Mr. Howard JENNINGS and Mr. Andrew MOUNTFORD as fully compliant with 37 CFR 1.425(a) and in order to secure a filing date, is respectfully requested.

A continuing effort will be made to obtain the signature of Mr. DANN. It is believed that Mr. DANN will be a cooperative inventor but, as a result of possible recent moves, his forwarding address is not presently known.

Please charge the fee for this petition and any other fee related to the compliance with the Notice of Incomplete Application to Deposit Account No. 19-4880. A duplicate copy of this Paper is enclosed.

Respectfully submitted,
